

A 2019 study by Zillow suggests solar energy systems can increase home value. The study's researchers analyzed home sale data of all homes sold in the United States between 2013 and 2017 and found that homes with solar energy systems were worth an average of \$4,000 more than comparable homes without solar energy systems.

ARKA 360 has earned the top spot on our list due to its exceptional features, user-friendliness, and ability to cater to the unique needs of the Indian solar industry.. Advanced Solar Simulation: Arka 360 offers highly accurate solar irradiation and shading analysis, allowing users to simulate and visualize the performance of solar installations under various conditions.
