The Agence pour le Développement et la Promotion du Projet Grand Inga (ADPI-DRC) signed an agreement on 16 October with Chinese and Spanish consortia for the 11,000MW Inga III project. The exclusive development agreement establishes the terms for cooperation in the implementation of the \$14bn Inga III project, and sets the terms for the ...

The urban landscape of Kinshasa, Democratic Republic of Congo, faces significant mobility challenges, primarily stemming from rapid urbanization, overpopulation, and outdated infrastructure. These challenges necessitate the exploration of modern smart mobility concepts to improve traffic flow, road safety, and

sustainability. This study investigates the ...

South Africa and Democratic Republic of Congo signed a treaty on the Inga hydropower Project on 29 October during a visit to Kinshasa by President Jacob Zuma. The treaty, signed by South African energy minister Dikobe Ben Martins and his DRC counterpart Bruno Kapandji Kalala, paves the way for a future power purchase agreement (PPA).

Published in September 2014, this map provides a detailed overview of DRC's electricity generation and transmission network. Completed and future projects are marked, with generation sites including hydropower, thermal (including ...

Société Nationale d'Electricité (Snel) on 19 December took delivery of an Airbus H135 helicopter to monitor its 6,000km high-voltage transmission network in remote areas that cannot be accessed by road. The World Bank funded the purchase of the helicopter and the training of crews with up to EUR4.39m (\$4.78m) as part of its support for the Southern African ...

The Ministry of Energy has awarded two contracts for projects within the framework of the private sector-based access expansion component of the World Bank-financed Electricity Access and Services Expansion programme. The Project Coordination and Management Unit (UCM) of the Ministry of Water Resources and Electricity invites bids by 17 July for the extension of the Lungudi hydropower plant in Tshikapa in the south-western province of Kasai. The Lungudi 2 project is to be financed by the African Development Bank group as part of the Governance Improvement and Access to ...

Democratic Republic of Congo boasts massive energy generation potential from hydro, wind or solar, but the traditional approach of evaluating hundreds of prospective hydro sites across the country looks increasingly flawed. Overcoming the chronic shortage of available generation capacity is most likely to be achieved by focusing on relatively modest projects ...

Officials in Democratic Republic of Congo (DRC) are making bullish noises about the much-anticipated Inga 3 hydroelectric power project, with the bidding whittled down to two consortia, which officials say are expected to present their final offers by 31 July, for contracts to be signed by year-end. Veteran energy official Bruno Kapandji Kalala - appointed by ...
