When temperatures rise, utility costs do, too. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy or other home ...

Report solar and clean energy imposters. The FTC's Impersonation Rule is good news for legitimate businesses and consumers, alike. The rule applies not only to government imposters - like those who misrepresent their affiliation with the government and tell tall tales about free or no cost solar energy to make sales - but also to those ...
