Solar Panda, headquartered in Canada and Nairobi, manufactures and sells Solar Home Systems that include lights, mobile charging, and a television through its network of 25 shops across Kenya. Launched in 2017, Solar Panda has grown quickly due to its high-quality products, affordable pricing, excellent customer service, and direct sales strategy.

Now, a Chinese energy company said they were building the world's first solar panel farm that looked like a giant panda, the country's national treasure. The solar farm, located in Datong, northern China's Shanxi Province, connected to the grid on June 29. The 248-acre solar farm looks like a cute panda. The black sections are monocrystalline silicon,
