

Isle of Man moixa smart battery

What is a Moixa smart battery system?

Moixa Smart Battery systems are designed to be installed alongside solar panels to maximise the use of solar energy in the home and lower the owner's energy bills.

What is Moixa doing on the Isle of Scilly?

Moixa, along with Hitachi and Passiv Systems, is demonstrating how an island smart grid and virtual power plant can manage distributed energy storage, electric vehicles, heat systems, and renewables to balance local energy needs and reduce fuel poverty on the Isle of Scilly.

What is Moixa?

Moixa is a British technology company that makes solar technology smarter, helping households save up to 50% on their energy bills. Our Smart Battery and solar panel bundle allows households to store spare solar power or cheap-tariff electricity for use at a convenient time.

What is Moixa's ERIC project?

Moixa's ERIC project (Energy Resources for Integrated Communities) deploys 180KWh of smart energy storage across 82 homes, a school, and community centre in East Oxford.

Moixa Technology Ltd is a subsidiary company of Moixa Energy Holdings, a company registered in England and Wales, number 04941671, registered office: 150 Aldersgate Street, London, EC1A 4AB. Our VAT number is 863825007. Correspondence should be addressed to Moixa Technology Ltd., 29-31 Saffron Hill, London, EC1N 8FH Smart Battery End User Agreement

The Moixa Smart Battery is a compact wall or cupboard mounted unit, providing 2 or 3kWh of home energy storage. Smart Energy Plan it can store energy from off-peak mains electricity according to a plan dependent on the time of day. Stores Solar Energy
