

Who was the project coordinator for the Kuwait Energy Outlook?

Mohamed Nassar was the project coordinator from the UNDP. Special thanks go to Khaled Mahdi, Secretary-General of the General Secretariat of the Supreme Council for Planning and Development, for his commissioning and sponsorship of this work. The editorial committee of the Kuwait Energy Outlook provided valuable insights and feedback.

What is the future of Kuwait's Electricity sector?

The Ministry of Electricity and Water estimates that reserve margins could drop to 8% by 2020. Kuwait plans to increase base-load electricity generating capacity to 32 GW by 2035 (see Chapter 2). Until very recently, the Ministry of Electricity and Water was solely responsible for the development of the electricity sector.

Does Kuwait need a new energy strategy?

To ensure economic development and social prosperity in the years to come, Kuwait will require a new energy strategy, combined with a plan to foster economic diversification and reduce fossil fuel dependency.

Is Kuwait a natural gas exporter or importer?

Today, Kuwait relies almost exclusively on oil products and natural gas to meet its energy needs, with each fuel accounting for about a half of total primary energy consumption. But while Kuwait is a major oil exporter, it is a net importer of liquefied natural gas, due to underdevelopment of its gas reserves.

What happened to Kuwait Energy?

Figures based on GCA reported number as at 31 December 2014 and reflects Kuwait Energy's 100% WI in BEA post 25% WI acquisition from Gharib Oil in June 2015. Kuwait Energy has withdrawn from Block 43, effective 30 June 2015. Source: Wood Mackenzie. Source: IEA, Iraqi Oil Ministry. Snr. Vice President Strategy & Portfolio

What is Kuwait Energy Outlook?

The platform came in the form of Kuwait Energy Outlook, an energy policy platform supporting efficient coordination between the energy sector stakeholders that assures coordination and robust development among them to realize the country's domestic and international responsibilities operated and managed by national capacities.
