What is SolarWave Malaysia?

Solarwave Malaysia brings you research-backed and innovative solar water heating solutions using a highly-efficient heat-transfer system that guarantees clean, hot water where and when you need it.

How to choose a solar hot water system in Malaysia?

With an efficient solar water heater installed in your home, you can easily take advantage of energy cost savings, instead of relying heavily on the grid for electrical energy. When it comes to choosing a solar hot water system in Malaysia, you need a brand known for product quality, excellent service, and avant-garde innovation.

Does a SolarWave Malaysia solar heater work in winter?

Regardless of your location and the atmospheric conditions within your property, there is a Solarwave Malaysia solar heater meant for you. Specific models are designed to work even during the winter season when there is minimal to no source of solar energy.

Why should you buy a Solar Wave water heater in Malaysia?

A Solar wave water heater in Malaysia is known for its tough-wearing storage tank built to cater to high operating pressure and varied capacities. Aluminium coating and finishing protects the tank from rust and other damaging elements.

The name Malaysia is a combination of the word Malays and the Latin-Greek suffix -ia/-?? [18] which can be translated as "land of the Malays". [19] Similar-sounding variants have also appeared in accounts older than the 11th century, as toponyms for areas in Sumatra or referring to a larger region around the Strait of Malacca.
