

Panelclaw inc Belgium

Who is panelclaw?

PanelClaw is a member of the Enstall family of companies. With headquarters in North America and Europe, we are the largest provider of PV racking solutions and services for buildings. Our unmatched track record of reliability provides peace of mind for our customers worldwide.

What does it mean to join panelclaw?

Joining PanelClaw means embracing a workplace that thrives on delivering top quality within large-scale solar projects. As a part of our dynamic, international team, you'll immerse yourself in project-based work, surrounded by experts who share your passion for making a meaningful impact on the world.

How does panelclaw work?

Arrays built with PanelClaw mounting systems are easy to maintain, significantly reducing maintenance expenses. All PanelClaw products go through extensive engineering analysis and modeling, followed by wind tunnel and infield testing, prior to being released commercially.

How does panelclaw work with ArcelorMittal?

We work together with ArcelorMittal to lower the carbon footprint of the steel value chain. By offering ArcelorMittal's XCarb[®] certificates, we can help customers lower the carbon footprint of the Wave mounting system, in a certified way. PanelClaw is part of the Enstall group.

Why should you choose panelclaw for your solar project?

At PanelClaw we believe in a smooth project process and thus provide support, assistance and help to you and your stakeholders. Whether it concerns a feasibility check, smart designs for complex situations or the supply of technical documentation. We see our company as your foundation for solar projects.

Why should I use a panel claw calculator?

The PanelClaw calculator helps you calculate everything your project needs today & the future brings. As quick, efficient and successful as possible. Within a few minutes you will receive a construction plan and list of materials, allowing you to spend more time on installation and less time on preparation. Because we like to simplify things.

PanelClaw becomes the first global supplier of solar panel mounting systems for the C& I rooftop market. CPX is rebranded as PanelClaw Europe, creating a true, global supplier of rooftop racking products and services focused on commercial and industrial PV projects.

Bij PanelClaw geloven we in een vlot project verloop en bieden daarom ondersteuning, assistentie en hulp, aan jou en al je stakeholders. Of het nu gaat om een haalbaarheidscheck, slimme ontwerpen voor complexe situaties of het aanleveren van technische documentatie.
