

The iGyro 3xtra ushers in the second generation of the iGyro family. The new iGyro 3xtra boasts a completely revised regulatory algorithm and set-up procedure, expanded features and enormously enhanced performance, making it the new "State of the Art".. In contrast to its predecessor - the 3e - the new iGyro no longer incorporates delta and V-tail mixers.

Off-grid solar company BBOXX and General Electric (GE) announced on 25 September a partnership in the Democratic Republic of Congo (DRC). BBOXX expanded into the country earlier this year, forming a partnership with Victron Energy to supply larger solar systems to businesses in Goma as well as trialling mini-grids.

Bboxx solar systems now supply clean energy to over 350,000 Congolese in rural and peri-urban areas, making Bboxx the biggest private utility in the DRC. The company has established a network of over 30 shops, a call centre and a state-of-the-art repair centre for solar systems in DRC and has created over 1,000 jobs.

Taking advantage of the Democratic Republic of the Congo's (DRC's) significant solar energy potential, renewable energy developer, Bboxx, and telecommunications operator, Orange Telecom, partnered this month for the launch of a solar mini-grid project in the Central African country that aims to connected over 600 households to clean energy ...

Powerful dual battery power supply with 7 channels, voltage regulators and telemetry. Item: 4250 Product description The PowerBox Evo is an ultra-compact dual power supply featuring 7 channels, regulated output voltage and telemetry. The 7 inputs are assigned to 10 outputs, allowing two servos to be controlled in parallel

Die sucht man beim PowerBox-System vergeblich, denn beim PowerBox CORE-gleichen Bedienkonzept werden Senderfunktionen/Geber zu beliebigen Servo-/Empfängersignalausgängen zugeordnet und verknüpft. Das klingt komplizierter, als es in der Realität ist und nach kurzer Eingewöhnung leichter zu bedienen als der 1990er-Style mit fixen ...

UK-based off-grid utility BBOXX announced on 7 June that it has signed an agreement with the government of the Democratic Republic of Congo (DRC) that will see the company provide power to 2.5m people.

The menu system is clearly and logically laid out, and includes many new functions as well as the familiar menu points - and all in two languages: German and English! Important new features implemented in the new Competition SR2 ...

Bei der in Donauwörth ansässigen Firma PowerBox-Systems GmbH startete am vergangenen Freitag, dem 9. Februar der Neubau der neuen Firmenzentrale in der Dr.-Friedrich-Drechsler-Straße im Industriegebiet in Donauwörth.

The PowerBox Royal SR2 once again sets new technical standards, offering a convincing array of features which until now have been the exclusive preserve of professional aviation. P² servo bus, 26 channels, 12-axis gyro, two pairs of regulators and a full-color screen - these are just a few of the technical refinements which the PowerBox Royal SR2 offers the ambitious pilot.

Bboxx, a next generation utility, and the Government of the Democratic Republic of Congo (DRC) have expanded their partnership to provide clean and affordable energy to millions of Congolese people. The previous agreement was signed two years ago at the UK-Africa Investment Summit 2020. It was one of the key partnerships signed under President ...
