Powertec Solar Inc. is a division of Powertec Electric Inc., which means, we are an electrical company that does solar, not a solar company trying to do electrical based work. This is an especially important distinction, as work is done by trained electricians educated in professional aspects of great service and dependable work.

LuxpowerTek is the best solar inverter manufacturer with the largest solar inverter factory in China. Choose us LuxpowerTek is a top provider of innovative energy storage solutions. Our advanced R& D capabilities allow ...

I am going around in circles trying to decide what portable solar system is better or realistic. My choice is between a Powertech 160W with a PWM controller at \$280 (Jaycar) or a Kings 160W with a MPPT controller at \$180 (Ebay). It is the difference in price that confuses me and knowing that Kings have a reasonable reputation
