Probe, established in 1963 by Francesco Rovelli, has developed into a diversified group powering the automotive, mining, alternative energy and industrial sectors in Southern Africa. Probe Industrial Technologies, Probenenergy and Probe ...

Probenenergy, in partnership with the Probe Corporation have been specialists in the storage industry for 60 years. Since inception in 1963, the Probe Group have endeavoured to supply a wide variety of high-quality batteries, fit for purpose.

Today, the name "Probe" is known far and wide as the leader in energy storage. While the end of Apartheid affected the whole of South Africa, Probe was able to continue business as usual at the dawn of the new South Africa thanks to its continued unprejudiced upskilling endeavours with all staff members..

Probe is South Africa's largest distributor of premium, maintenance-free, fit and forget batteries and a leader in rotating electrics, with over 50 years of experience in distributing and providing aftermarket support for many international brands.
