SoLink, Innovative Photovoltaic Technology Made in Italy. It was 2003 when our founder began to be passionate about solar energy. Today, we boast two decades of experience in the field of innovative photovoltaics. ... Our products are designed to use solar energy with maximum efficiency and zero emissions. There will never be a SoLink product ...

We offer specialized Glint and Glare Assessments, a key requirement for solar energy projects situated in close proximity to aviation operations in South Africa. Our assessments analyze the potential reflective impacts to ensure compliance with aviation standards and minimize risks to air traffic navigation.

The unofficial flag of Wallis and Futuna features a red saltire on a white square, which in turn is placed on a red field (alternatively, a larger white cross pattée is used). The cross is shifted a little off centre toward the fly (outer edge). The cross pattée is also shifted slightly downwards.

Wallis and Futuna is an archipelago located in the Pacific Ocean at 13-14 degrees south of the Equator and belonging to France. The capital, Mata Utu, is located on the island of Uvea (or Wallis). Of the three main islands, Wallis is flat, while in the other two there are hills, which reach 524 meters (1,719 feet) in Futuna and 400 meters ...
