Who can benefit from a new off-grid solar scheme in Benin?

Households, smallholders and entrepreneurs in remote locations across Benin will be able to access reliable and cheap electricity for the first time under a new off-grid solar scheme agreed between leading solar energy company ENGIE Energy Access and the European Investment Bank, one of the world's largest financiers of renewable energy.

What is the energy supply in Benin?

Forests in Benin are an important source of energy, accounting for 46% of the country's energy demand in 2017. Fuelwood and charcoal production contribute 2.4% to the national economy but remain informal.

What can Engie do for Benin?

Following the new agreement between ENGIE and the European Investment Bank, households, entrepreneurs and smallholders across Benin will be able to access electricity for mobile phones, solar lighting, refrigeration, radio and television.

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.
